

MADISON'S GOAL

Madison's goal is to optimize your dog's health and happiness at a low cost to you. Pets require a considerable amount of veterinary care throughout their life.

Madison Veterinary Hospital is committed to providing you & your adult dog a variety of services including routine and unexpected circumstances.

This includes, but is not limited to, physical examinations, the necessary immunizations & parasite control & prevention.

We have created this adult plan to provide you with optimal care at a premium discount. This will allow you to have peace of mind during the next 12 months of life.

We want nothing more than to help your adult dog continue to stay happy & healthy.

Madison's 12-body System, **GOLD** Standard Physical Examination far exceeds the "basics" done elsewhere. It is very important for your pet to see his/her veterinarian twice a year since pets rapidly age 7 years to every human year!

12-Months Of Routine Services

Two Wellness Adult 12-body system GOLD Standard Physical Examinations

\$134.98

Physical Examination to ensure a healthy adult. The examination performed by the veterinarian is extremely important to detect any abnormalities to the external parts of the body. Twice a year examinations are necessary due to the rapidly aging process in our pets.

Adult Immunizations

\$57.00

Routine Immunizations

One 3-year Rabies, Distemper or the Parvovirus Immunization Including one Bordetella Immunization Including one Leptospirosis Immunization * this is based on your pets requirements*

Annual Antigen Heartworm Test

\$19.00

This is a blood sample, performed annually to diagnose the presence of heartworm disease transmitted by mosquitoes.

Blood Screen Profile

\$83.50

This test can reveal anemia, internal organ problems, infections and any hidden abnormalities.

12-Month Supply of Monthly Prevention

**\$190.85-
\$213.95**

Topical prevention for external and internal parasites including prevention for heartworm disease.

Strategic Dewormings

\$37.00

Recommended by the Center of Disease Control in Atlanta, for the removal of roundworms or hookworms that were undetected in the fecal screening. These worms can be transmitted to humans under certain circumstances.

Microscopic Intestinal Parasite Examinations

\$62.00

Fecal screenings—A minimum of two are necessary in a calendar year to ensure a healthy adult.

Urinalysis

\$46.50

Can detect crystals, infections, diabetes, kidney or liver problems. We consider this to be one of our most important tests.

ELECT FOR THE MONTHLY PAYMENT PLAN OPTION!

When electing the Adult S.A.F.E. Plan there is a \$100.03 deposit then affordable monthly payments of \$37.35 over the next 11 calendar months.

**This Adult Canine S.A.F.E.
Plan Package cost is
only \$510.88!**

**A savings of
\$124.10!**

**The anticipated cost for these
services to be performed in the next
12-months for a healthy adult dog is
\$634.98!!!
(Average Pet)**

This is not an insurance policy.
