

MADISON'S GOAL

Madison's goal is to optimize your dog's health and happiness at a low cost to you. Pets require a considerable amount of veterinary care throughout their life.

Madison Veterinary Hospital is committed to providing you & your senior dog a variety of services including routine and unexpected circumstances.

This includes, but is not limited to, physical examinations, the necessary immunizations & parasite control & prevention.

We have created this senior plan to provide you with optimal care at a premium discount. This will allow you to have peace of mind during the next 12 months of life.

We want nothing more than to help your senior dog continue to stay happy & healthy.

Madison's 12-body System, **GOLD** Standard Physical Examination far exceeds the "basics" done elsewhere. It is very important for your pet to see his/her veterinarian twice a year since pets rapidly age 7 years to every human year!

Senior Canine—Level 1
12-Months Of Routine Services

Two Wellness Senior 12-body system GOLD Standard Physical Examinations **\$134.98**

Physical Examination to ensure a healthy senior. The examination performed by the veterinarian is extremely important to detect any abnormalities to the external parts of the body. Twice a year examinations are necessary due to the rapidly aging process in our pets.

Senior Immunizations **\$57.00**

Routine Immunizations
One 3-year Rabies, Distemper or the Parvovirus Immunization Including one Bordetella Immunization Including one Leptospirosis Immunization * this is based on your pets requirements*

Annual Antigen Heartworm Test **\$19.00**

This is a blood sample, performed annually to diagnose the presence of heartworm disease transmitted by mosquitoes.

Wellness Major Blood Profile **\$132.00**

In addition to a cell blood count and a basic serum chemistry, this test will check more extensively on the values to assess the liver, pancreas, calcium and cholesterol.

12-Month Supply of Monthly Prevention **\$190.85-
\$213.95**

Topical prevention for external and internal parasites including prevention for heartworm disease.

Strategic Dewormings **\$37.00**

Recommended by the Center of Disease Control in Atlanta, for the removal of roundworms or hookworms that were undetected in the fecal screening. These worms can be transmitted to humans under certain circumstances.

Microscopic Intestinal Parasite Examinations **\$62.00**

Fecal screenings—A minimum of two are necessary in a calendar year to ensure a healthy senior pet.

Wellness Urinalysis **\$46.50**

Can detect crystals, infections, diabetes, kidney or liver problems. We consider this to be one of our most important tests.

URINE PROTEIN: CREATININE **\$62.50**

This is a sensitive test to check for protein in the urine. Proteinuria can indicate several inflammatory conditions; it also can be a very early marker for kidney disease.

When electing the Senior S.A.F.E. Plan (Level 1) there is a \$100.09 deposit then affordable monthly payments of \$45.57 over the next 11 calendar months.

This Senior Canine S.A.F.E. (Level 1) Plan Package cost is only \$601.36!

A savings of \$187.62!

The anticipated cost for these services to be performed in the next 12-months for a healthy senior dog is \$788.98!!! (Average Pet)

This is not an insurance policy.
